

A6

How much time would you like to take to discover the new Audi A6?

Time is our most precious resource. We want you to be able to enjoy yours more. Just like the new Audi A6, this brochure makes your life easier, wasting none of your time by clearly presenting content as a series of moments. Take your time and discover how the Audi A6 can help you get the most out of it.

This is your time. Audi is more.
The new Audi A6.

Please contact your Audi partner or visit www.audi.com for detailed information about standard and optional equipment.

T i m e is a constant of life. Our goal for the new Audi A6 is to enhance time and tailor it the challenges of life today. That's why we offer the new Audi A6 with groundbreaking technology – from smart assist systems to an innovative display and operating concept. You choose the focus. Experience a more comfortable and relaxed drive. And open up possibilities for the things that really matter.

Turn time into
possibilities.

The figures for fuel consumption and CO₂ emissions can be found on page 66.
Some of the equipment illustrated or described is optional equipment for which an extra charge is made.
Please contact your Audi partner or visit www.audi.com for detailed information about standard and optional equipment.

**You cannot increase time,
but you can enhance its value.**

We experience our life in unique moments. All the more reason to live each moment to the full. No problem for the new design language of the Audi A6 Avant: sharpened lines and the extraordinary flat cut of the rear convey unforgettable aesthetic clarity.

The figures for fuel consumption and CO₂ emissions can be found on page 66.
Some of the equipment illustrated or described is optional equipment for which an extra charge is made.

12/13

A6 Saloon 6 min

The striking design of the Audi A6 Saloon not only catches the eye, but also stops time in its tracks. Its powerful stance and upright Singleframe serve to highlight its athletic width. A low centre of gravity and the striking quattro architecture at the wheel arches prove that the Audi A6 Saloon has the genes of a timeless legend.

Enjoy the moment.
No matter where you are.

Calmly anticipate the surprises of everyday life: with the driver assist systems in the Audi A6 Saloon. No matter whether it's about collision warning in complex traffic situations, or active accident prevention – optional assist systems like crossing assist and swerve assist will give you all the active support you need. That way, you can enjoy greater control and a more relaxed drive.

The figures for fuel consumption and CO₂ emissions can be found on page 66.
Some of the equipment illustrated or described is optional equipment for which an extra charge is made.
Please contact your Audi partner or visit www.audi.com for detailed information about standard and optional equipment.

Please note: The systems work only within system limits and assist the driver.
However, the driver remains responsible for driving the vehicle and is required to be attentive.

Noticeably more possibilities.

More functions, fewer buttons: the optional MMI navigation plus with MMI touch response allows to control many features of your Audi A6 intuitively via a high-resolution 10.1-inch HD touch display. As easy to operate as your smartphone. And with haptic feedback confirming each selection, you can safely use the system even while driving.

The figures for fuel consumption and CO₂ emissions can be found on page 66.

02

Make time for yourself.

Return to yourself. Just like the new Audi A6. Impressive design that recalls Audi quattro architecture, recognisable by the deep, sporty shoulder line and the flared wheel arches. The upright and wide Singleframe gives the new Audi A6 the progressive dynamics quintessential of an Audi.

The figures for fuel consumption and CO₂ emissions can be found on page 66.
Some of the equipment illustrated or described is optional equipment for which an extra charge is made.
Please contact your Audi partner or visit www.audi.com for detailed information about standard and optional equipment.

The quattro architecture above the wheel arches gives the side of the new Audi A6 Saloon the look of flexing its muscles. The sporty roof line accentuates the coupé-like silhouette.

Please contact your Audi partner or visit www.audi.com for detailed information about standard and optional equipment.

This is where you make up time.

Tailor your driving time to your expectations. With the optional Audi MMI navigation plus, you can choose what driving information is displayed on the high-resolution 10.1-inch HD touch display or in the 12.3-inch HD Audi virtual cockpit. Haptic feedback on the touchscreens confirms each selection and gives you a quick and intuitive way of operating all functions. A faster way to reach your destination – or perhaps discover something even better. You choose how to spend your time.

The figures for fuel consumption and CO₂ emissions can be found on page 66.
Some of the equipment illustrated or described is optional equipment for which an extra charge is made.
Please contact your Audi partner or visit www.audi.com for detailed information about standard and optional equipment.

A space to breathe.

The figures for fuel consumption and CO₂ emissions can be found on page 66.
Some of the equipment illustrated or described is optional equipment for which an extra charge is made.
Please contact your Audi partner or visit www.audi.com for detailed information about standard and optional equipment.

Turn the air in your Audi into a clear proposition. With the optional air quality package you can actively improve the air quality by ionisation. Reduce tiredness, improve concentration and take a deep, cleansing breath.

Change the times.
And the possibilities.

The new Audi A6 offers you more while using less. Thanks to the more powerful 48V electrical system, more braking energy is stored through recuperation than in vehicles that don't feature hybrid drive systems. Thanks to the belt alternator starter, this energy can supplement that of the combustion engine – for example when the vehicle is started or by electrically releasing additional torque.

The figures for fuel consumption and CO₂ emissions can be found on page 66.

Some of the equipment illustrated or described is optional equipment for which an extra charge is made.

Please contact your Audi partner or visit www.audi.com for detailed information about standard and optional equipment.

An eye for the moment.

Every day there are certain decisive moments. For example, when you arrive home. The optional coming home/leaving home function with dynamic light sequencing turns getting to your front door into an illuminating experience. And the journey home itself can become a unique moment: with the optional contour/ambient lighting package that bathes your interior in one of 30 colours.

The figures for fuel consumption and CO₂ emissions can be found on page 66. Some of the equipment illustrated or described is optional equipment for which an extra charge is made. Please contact your Audi partner or visit www.audi.com for detailed information about standard and optional equipment.

Get more out of the day.

Don't orient yourself by the sun: the optional HD Matrix LED headlights offer you outstanding illumination of the road at night. Thanks to fully variable light control, you will enjoy cornering light and automatic dimming for oncoming traffic. Dynamic indicator and daytime running lights provide an innovative visual highlight. Be unmistakable throughout the day and don't stop even after the sun goes down.

The figures for fuel consumption and CO₂ emissions can be found on page 66.

Some of the equipment illustrated or described is optional equipment for which an extra charge is made.

Audi intelligent technologies Using more moments.

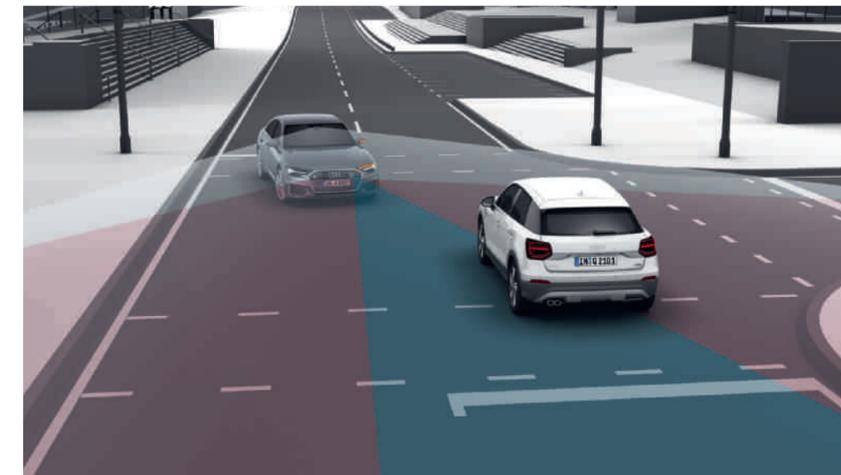

The new Audi A6 – an exceptional vehicle whose diverse range of outstanding equipment will impress you. Numerous innovations, comfort and convenience features and assist systems make each journey special.

The figures for fuel consumption and CO₂ emissions can be found on page 66.
Some of the equipment illustrated or described is optional equipment for which an extra charge is made.
Please contact your Audi partner or visit www.audi.com for detailed information about standard and optional equipment.

The next step towards realising our vision of piloted driving. In the new Audi A6, you can experience the mobility of the future today. With the option of advanced assist systems and helpful automated driving functions. For even more convenience. And that fascinating feeling of having been transported to the future.

Audi intelligent technologies

Turn assist¹

Everybody can overlook something sometimes, which is why within system limits, when moving off or driving slowly up to a speed of 10 km/h, turn assist prevents the vehicle from colliding with an oncoming vehicle by means of brake intervention when turning left.

Cross traffic assist¹

Self-assured into the unknown: cross traffic assist rear can warn occupants about a potential collision with approaching cross traffic when reversing at speeds of up to 10 km/h. Within system limits, the system uses radar sensors to monitor vehicles to the rear and side when exiting a parking space.

Exit warning¹

Multiple sensors see more than two eyes: exit warning alerts occupants when opening a door while the vehicle is stationary of a possible collision with traffic approaching from the rear. Within system limits, the system uses the radar sensors to monitor vehicles to the rear and side.

The figures for fuel consumption and CO₂ emissions can be found on page 66.

¹Please note: The systems work only within system limits and assist the driver.

However, the driver remains responsible for driving the vehicle and is required to be attentive at all times.

Some of the equipment illustrated or described is optional equipment for which an extra charge is made. Please contact your Audi partner or visit www.audi.com for detailed information about standard and optional equipment.

The figures for fuel consumption and CO₂ emissions can be found on page 66.
Some of the equipment illustrated or described is optional equipment for which an extra charge is made.
Please contact your Audi partner or visit www.audi.com for detailed information about standard and optional equipment.

Not only can you use your time more effectively with the Audi A6, you can also explore new things with the time you save. No matter what you need to take along, with a trailer and the trailer assist¹, you can reverse to manoeuvre to anywhere you want in the shortest time. Use the touch display to set the requested path for the trailer within the limits of the setting range. The Audi A6 will then calculate and automatically set the required steering angle. You need only to accelerate and brake.

Please note: The systems work only within system limits and assist the driver. However, the driver remains responsible for driving the vehicle and is required to be attentive.
¹ For information on when this feature will be available, please contact your Audi partner.

More exceptional. With A6 design and Audi design selection.

01 A6 design — cast aluminium wheels in multi-spoke design (illustrated here: cast aluminium wheels in 5-V-spoke design, contrasting grey, partly polished¹) – diffuser insert in titanium black, matt, diffuser clip and tailpipe look in chrome — chrome inserts in the door handles – side air inlet grilles in matt black with inserts in chrome

02 Audi design selection — interior elements in artificial leather, armrests in pearl beige with contrasting stitching in agate grey, door rail in granite grey with contrasting stitching in rock grey, centre console — inlays in fine grain birch natural agate grey

03 Audi design selection — illuminated door sill trims with aluminium inlays, front and rear

04 Audi design selection — customised contour seats, front with seat ventilation and seat upholstery in perforated Valcona leather, pearl beige with contrasting stitching and piping in agate grey

The A6 design line allows you to create striking accents that reflect your personality. Make an exceptional vehicle even more exceptional. This can be stylishly achieved with the Audi design selection, which offers an attractive range of special materials and colours for the interior. High-quality inlays in conjunction with fine leather upholstery and trim and attractive contrasting stitching lend the interior an exclusive ambience.

Explanatory notes

- ¹ The figure given was calculated using the specified measuring procedure (current version of UN-R 85).
- ² Unladen vehicle weight includes driver (75 kg) and fuel tank 90 % full, calculated in accordance with the current version of Reg. (EU) 1230/2012. Optional equipment may increase the car's unladen weight and drag coefficient, whereupon the possible payload limit and the top speed will be reduced accordingly.
- ³ The engine's power output always decreases with increasing altitude. At 1,000 m above sea level, and for every additional 1,000 m, deduct 10 % from the weight of the outfit (trailer load limit + gross weight of the towing vehicle). Figure for trailer load limit applies to factory-fitted trailer towing hitch. If using the vehicle with a trailer towing hitch for commercial purposes, a digital tachograph may be required under certain conditions.
- ⁴ Registered trademark of the Verband der Automobilindustrie e. V. (VDA).
- ⁵ Regulated.
- ⁶ We recommend using sulphur-free diesel complying with DIN EN 590. If this is not available, use diesel complying with DIN EN 590.
- ⁷ The specified fuel consumption and emission data have been determined according to the measurement procedures prescribed by law. Since 1 September 2017, certain new vehicles are already being type-approved according to the Worldwide Harmonized Light Vehicles Test Procedure (WLTP), a more realistic test procedure for measuring fuel consumption and CO₂ emissions. Starting on 1 September 2018, the New European Driving Cycle (NEDC) will be replaced by the WLTP in stages. Owing to the more realistic test conditions, the fuel consumption and CO₂ emissions measured according to the WLTP will, in many cases, be higher than those measured according to the NEDC. For further information on the differences between the WLTP and NEDC, please visit our website. We are currently still required by law to state the NEDC figures. In the case of new vehicles which have been type-approved according to the WLTP, the NEDC figures are derived from the WLTP data. It is possible to specify the WLTP figures voluntarily in addition until such time as this is required by law. In cases where the NEDC figures are specified as value ranges, these do not refer to a particular individual vehicle and do not constitute part of the sales offering. They are intended exclusively as a means of comparison between different vehicle types. Additional equipment and accessories (e.g. add-on parts, different tyre formats, etc.) may change the relevant vehicle parameters, such as weight, rolling resistance and aerodynamics, and, in conjunction with weather and traffic conditions and individual driving style, may affect fuel consumption, electrical power consumption, CO₂ emissions and the performance figures for the vehicle.
- ⁸ Please note the special information relating to wheels on this page.

Classifications of tyre parameters

The table shows the ranges of fuel efficiency, wet grip and exterior noise emission classes for the different tyre sizes of the Audi A6 Saloon and the A6 Avant.

	Tyre size	Fuel efficiency class	Wet grip class	Exterior noise emission class
Summer tyres	205/65 R 17	B	B	71 
	225/60 R 17	B	A	71 
	225/55 R 18	B–A	A	72–68  – 
	245/45 R 19	B	A	70 
	255/40 R 20	C	B–A	71–70  – 
Winter tyres	255/35 R 21	C–B	B–A	72–70  – 
	225/60 R 17	C	C–B	69–68 
	225/55 R 18	C	B	69 
	245/45 R 19	C	B	70–69  – 
All-season tyres	255/40 R 20	C	B	71–69  – 
All-season tyres	225/55 R 18	B	A	69 

It is not possible to order a specific tyre. Please ask your Audi partner which tyres are available in your country.

Special information about the wheels: Wheels with gloss turned finish, gloss milled finish as well as polished or partly polished aluminium wheels must not be used in wintry road conditions. For manufacturing reasons, the rim surface does not have sufficient corrosion protection for such use and can be permanently damaged by road salt or similar.

Equipment of the Audi A6 Saloon illustrated (p. 4–37):

Paint finish: typhoon grey, metallic

Wheels: cast aluminium wheels in 5-V-spoke design, contrasting grey, partly polished⁸

Seats/seat upholstery: customised contour seats, front in Valcona leather, pearl beige, with contrasting stitching in agate grey

Inlays: upper inlays in fine grain birch, natural agate grey; lower inlays in pearl beige

Equipment of the Audi A6 Avant illustrated (p. 4–37):

Paint finish: firmament blue, metallic

Wheels: forged aluminium wheels in 10-Y-spoke design

Seats/seat upholstery: sport seats, front in Valcona leather, rotor grey, with contrasting stitching in anthracite

Inlays: upper inlays in matt brushed aluminium dark; lower inlays in black

Legal notices about Audi connect navigation & infotainment with customer SIM card

The use of services supported by Audi connect is possible only in conjunction with an optional navigation system and Audi connect (including car phone – depending on the vehicle model). In addition, depending on the vehicle model, you will require a SIM card with a data option and with LTE option to use LTE¹ – with car phone a SIM card with phone and a data option or a Bluetooth-capable smartphone with remote SIM Access Profile (rSAP)². The services are available only in conjunction with an existing or separate mobile phone contract and only within the range of the respective mobile phone network. Depending on the terms of your mobile phone contract, additional costs may be incurred when receiving data packets from the internet – particularly when used abroad. Due to the high data volumes involved, a data flat rate is strongly recommended.

The availability of the services supported by Audi navigation & infotainment varies from country to country. Audi connect services are provided for at least 1 year from vehicle delivery. Following a period of 24 months from vehicle delivery, the Audi connect services will be extended once free of charge for 12 months. Should you not require this extension, please write to:

AUDI AG
Audi International Customer Care Services
85045 Ingolstadt, Germany
Email: kundenbetreuung@audi.de
Tel.: +49 800 28347378423

Ask your Audi partner about a subsequent extension of the Audi connect services. Depending on the vehicle model, Audi connect enables access to Google and Twitter services. Permanent availability cannot be guaranteed as this is the responsibility of Google and Twitter. Please visit www.audi.com/connect or contact your Audi partner for more detailed information about Audi connect; contact your mobile services provider for information about contract conditions.

Legal notices about Audi connect navigation & infotainment with SIM card permanently installed in the vehicle

Use of the services supported by Audi connect is possible only in conjunction with an optional navigation system. Audi connect services are provided through AUDI AG/importers. The data connection for Audi connect services is set up through a mobile services provider via a SIM card installed in the vehicle. The costs for these data connections are included in the price of Audi connect services. The costs of the Wi-Fi hotspot are not included. The data connection for the Wi-Fi hotspot can be arranged with a selected mobile services provider as a payable data tariff. You will find information about tariffs and booking at www.audi.com/myaudi.

Alternatively, an external customer SIM card can be inserted into the card slot to establish a data connection. In conjunction with the optional Audi phone box, a Bluetooth-capable smartphone with remote SIM Access Profile (rSAP)² can also be connected to use the integrated car phone function. If an external SIM card is inserted into the card slot or connected via rSAP, all data connections, for both the Audi connect services as well as for the Wi-Fi hotspot, will be established via this external SIM card. In such cases, the costs incurred are attached to those accrued via the external SIM card.

The availability of the services supported by Audi connect navigation and infotainment varies from country to country. Audi connect services are provided for at least 1 year from vehicle delivery.³ Following a period of 24 months from vehicle delivery, the Audi connect services are extended once free of charge for 12 months. Should you not require this extension, please write to:

AUDI AG
Audi International Customer Care Services
85045 Ingolstadt, Germany
Email: kundenbetreuung@audi.de
Tel.: +49 800 28347378423

Ask your Audi partner about a subsequent extension of the Audi connect services. Depending on the vehicle model, Audi connect enables access to Google and Twitter services. Permanent availability cannot be guaranteed as this is the responsibility of Google and Twitter. Please visit www.audi.com/connect or contact your Audi partner for more detailed information about Audi connect; contact your mobile services provider for information about contract conditions.

Legal notices about Audi connect emergency call & service including security & convenience

These services are provided through a SIM card installed in the vehicle. The costs of calls and data connections are included in the price of the services. Audi connect services are available only within the coverage of the mobile phone network of the mobile phone provider chosen by Audi. The Audi connect services emergency call, online roadside assist, Audi incident assistance and Audi service request are available for 10 years after vehicle delivery in the following countries: Austria, Belgium, Bulgaria, Finland, France, Germany, Gibraltar, Greece, Hungary, Ireland, Italy, Liechtenstein, Lithuania, Luxembourg, Malta, Monaco, the Netherlands, Norway, Poland, Portugal, Romania, Spain, Sweden, Switzerland, the UK. Ask your Audi partner about when the services will become available in additional European countries and about the availability of the optional equipment.

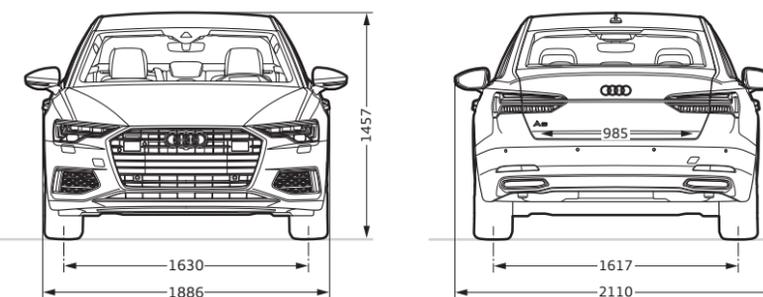

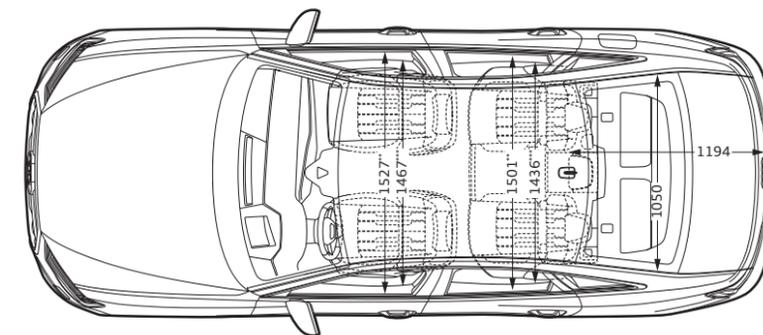

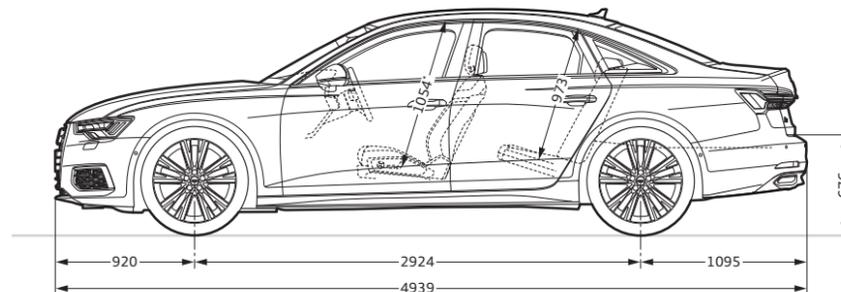

The Audi connect security & convenience services can be used free of charge for 3 years after vehicle delivery, and can then be extended at an extra charge.

Further information: Disruption to the services may occur due to force majeure and official orders as well as technical or other measures carried out on the systems of AUDI AG, suppliers or network operators to ensure their proper function (e. g. maintenance, repairs, system-related software updates, extensions). AUDI AG will make every reasonable effort to end such disruption as quickly as possible or to work towards a resolution.

Audi A6 Saloon

Dimensions in mm

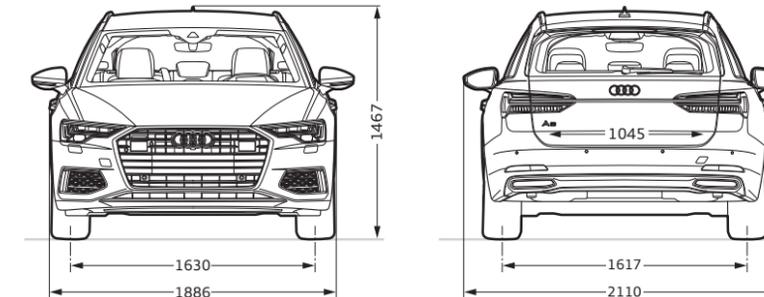

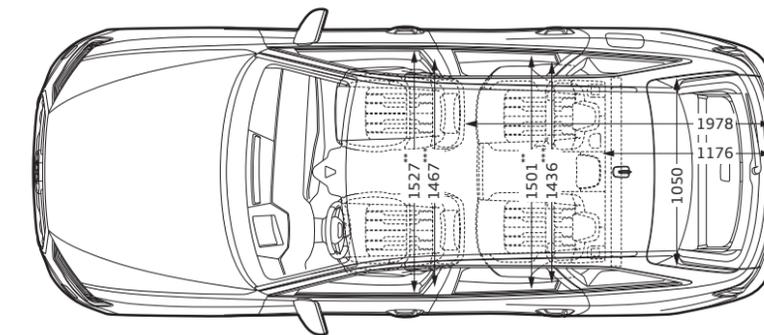

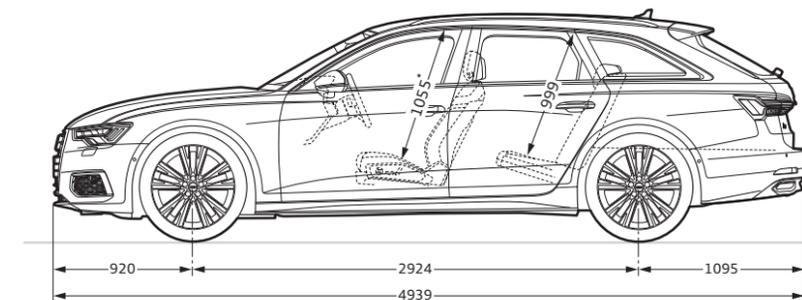

Dimensions are for unladen vehicle weight. Luggage compartment volume¹ 530 l. Turning circle approx. 11.1 m.
*Maximum headroom. **Elbow room width. ***Shoulder room width.

Audi A6 Avant

Dimensions in mm

Dimensions are for unladen vehicle weight, ground clearance measured with vehicle carrying its maximum load. Luggage compartment volume¹ 565/1,680 l (second value is with the rear seat backrest folded down and vehicle loaded up to roof height). Turning circle approx. 11.1 m.
*Maximum headroom. **Elbow room width. ***Shoulder room width.

¹Full use requires an LTE card contract. For information about the availability and use of LTE support, please contact your Audi partner. ²Please contact your Audi partner or visit www.audi.com/bluetooth for information on compatible mobile phones. ³The teaser phase offered by AUDI AG with the equipment "Audi connect navigation & infotainment with integrated SIM card (3 months)" is available for 3 months from initial vehicle registration and ends automatically at the end of these 3 months. If the licence is purchased for Audi connect navigation & infotainment, these 3 months are not offset against the overall validity period for the Audi connect services.

¹Technical specifications refer to a basic vehicle without country-specific features and the selected optional equipment.
